

Oswestry Disability Index 2.0¹

Could you please complete this questionnaire. It is designed to give us information as to how your back (or leg) trouble has affected your ability to manage in everyday life. Please answer *every section*. Mark *one box only* in each section that most closely describes you *today*.

Section 1: Pain intensity

- I have no pain at the moment.
- The pain is very mild at the moment.
- The pain is moderate at the moment.
- The pain is fairly severe at the moment.
- The pain is very severe at the moment.
- The pain is the worst imaginable at the moment.

Section 2: Personal care (washing, dressing, etc.)

- I can look after myself normally without causing extra pain.
- I can look after myself normally but it is very painful.
- It is painful to look after myself and I am slow and careful.
- I need some help but manage most of my personal care.
- I need help every day in most aspects of self care.
- I do not get dressed, wash with difficulty, and stay in bed.

Section 3: Lifting

- I can lift heavy weights without extra pain.
- I can lift heavy weights but it gives extra pain.
- Pain prevents me from lifting heavy weights off the floor but I can manage if they are conveniently positioned, e.g., on a table.
- Pain prevents me from lifting heavy weights but I can manage light to medium weights if they are conveniently positioned.
- I can lift only very light weights.
- I cannot lift or carry anything at all.

Section 4: Walking

- Pain does not prevent me walking any distance.
- Pain prevents me walking more than 1 mile.
- Pain prevents me walking more than a quarter of a mile.
- Pain prevents me walking more than 100 yards.
- I can only walk using a stick or crutches.
- I am in bed most of the time and have to crawl to the toilet.

Section 5: Sitting

- I can sit in any chair as long as I like.
- I can sit in my favorite chair as long as I like.
- Pain prevents me from sitting for more than 1 hour.
- Pain prevents me from sitting for more than half an hour.
- Pain prevents me from sitting for more than 10 minutes.

- Pain prevents me from sitting at all.

Section 6: Standing

- I can stand as long as I want without extra pain.
- I can stand as long as I want but it gives me extra pain.
- Pain prevents me from standing for more than 1 hour.
- Pain prevents me from standing for more than half an hour.
- Pain prevents me from standing for more than 10 minutes.
- Pain prevents me from standing at all.

Section 7: Sleeping

- My sleep is never disturbed by pain.
- My sleep is occasionally disturbed by pain.
- Because of pain I have less than 6 hours' sleep.
- Because of pain I have less than 4 hours' sleep.
- Because of pain I have less than 2 hours' sleep.
- Pain prevents me from sleeping at all.

Section 8: Sex life (if applicable)

- My sex life is normal and causes no extra pain.
- My sex life is normal but causes some extra pain.
- My sex life is nearly normal but is very painful.
- My sex life is severely restricted by pain.
- My sex life is nearly absent because of pain.
- Pain prevents any sex life at all.

Section 9: Social life

- My social life is normal and causes me no extra pain.
- My social life is normal but increases the degree of pain.
- Pain has no significant effect on my social life apart from limiting my more energetic interests, e.g., sport, etc.
- Pain has restricted my social life and I do not go out as often.
- Pain has restricted social life to my home.
- I have no social life because of pain.

Section 10: Traveling

- I can travel anywhere without pain.
- I can travel anywhere but it gives extra pain.
- Pain is bad but I manage journeys over 2 hours.
- Pain restricts me to journeys of less than 1 hour.
- Pain restricts me to short necessary journeys under 30 minutes.
- Pain prevents me from traveling except to receive medical treatment.

Scoring the ODI

Each of the ten items in the ODI has six statements from which patients are requested to select one. This allows scoring from 0-5 for each item, for example, looking at the first item:

Item on ODI	Statement	Score
Pain intensity	I have no pain at the moment	0
	The pain is very mild at the moment	1
	The pain is moderate at the moment	2
	The pain is fairly severe at the moment	3
	The pain is very severe at the moment	4
	The pain is the worst imaginable at the moment	5

A maximum score of 50 is possible.

If all of the ten items have been completed you count your score (let's say it would be "30", divide it by the total score possible (that would be "50" when all sections have been answered) and multiply with 100.

$$\text{Score} = \frac{\text{Total score of the patient}}{\text{Total raw score possible}} \times 100 = \frac{30}{50} \times 100 = 60\%$$

If you could not answer all sections the total score possible changes accordingly (-5 for each unanswered section). In the end you get a percentage value with 0% giving the best results possible and 100% showing the highest disability value.

Date:

$$\text{Score: } \frac{\text{Total score}}{\text{Total score possible}} \times 100 = \text{-----} \%$$
